## OUR PRAYER

Currently the convents where the sisters reside do not accommodate the challenges of aging. In fact, they pose significant health and mobility risks and cannot be retrofitted to meet assisted living standards. Our Motherhouse design promotes independent living, while providing a safe, accessible, and dignified home for our sisters. We pray that God blesses our efforts and all of you who are helping us build our future.

## OUR GOAL

The Sisters of the Society of Our Lady of the Most Holy Trinity are expanding our presence at our international headquarters in Corpus Christi, Texas, while continuing to serve in areas of deepest apostolic need around the world. Building our future in Texas will enable us to provide necessary healthcare and much needed ADA compliant housing for our aging sisters. Meanwhile, we are committed to sustaining our administrative responsibilities as well as preparing for future service in our global missions. Through our strategic partnerships and generous donors, we pray that our Motherhouse will soon be a pillar of community life serving both locally and abroad.
